A LETTER FROM THE HOUSE

Connect with nature — privately, beautifully

Trips To Africa designs unrivalled luxury safari journeys through the world's most iconic African wilderness. We do not sell a single lodge. We compose a complete itinerary — camps of the highest calibre, timed wildlife, and the quiet confidence of someone who has arranged every transfer before you arrive.

Our guests travel from Europe, North America, the Middle East and Asia for time that feels unhurried: sundowners in golden grass, a river that holds elephants at dusk, a table set as the Falls throw mist into evening light. This collection is an invitation to travel that way.

THE WAY WE TRAVEL

Independent design. Transparent journeys. One standard.

Lodge brands sell their own camps. We sit above them as your independent safari designer — combining Wild Horizons, Singita, Wilderness and Matetsi into journeys no single brand can sell alone.

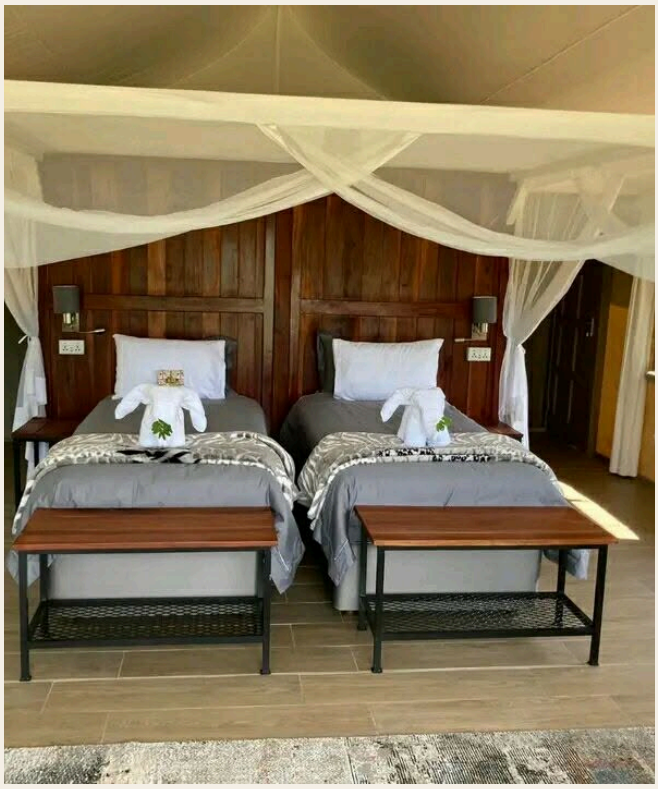

Rates are shown as complete multi-night journeys, not nightly tariffs buried in a brochure. Southern and East Africa, then — if you wish — granite islands and warm water.

LODGES & CAMPS

USD 350 – 5,000

per person per night, typically including accommodation, all meals and laundry.
